

Hybrid Schooling Program from Inspire Charter School in partnership with

Learn Beyond The Book (Specialty/Partnership Program)

The great new program with Inspire Charter School allows your students to take quite a few classes at Learn Beyond The Book tuition-free and also have access to online curriculum if you choose to use it.

How does it work?

TK-8 – can take up to 6 class slots per semester tuition-free at Learn Beyond The Book

Gr. 9-12 – can take up to 4 class slots per semester tuition-free at Learn Beyond The Book. Students also have to pick from a particular curriculum to follow for high school credit. Ask us for more details.

Just like with all charters, at the end of the school year, state testing will occur and Inspire's testing will be at Learn Beyond The Book.

Our Inspire teachers come on site regularly and will know your students and receive updates from teachers about what they are studying in their classes. Teachers will collect samples from the students at our Santa Clarita location and add it to their Inspire file in the office and then at the end of each learning period, parents and students will just have to sign the attendance sheet in the files and make sure that students have 1 sample of each of the following core subjects in their folder: Math, English, Science & Social Studies/History. Anyone who are primarily at a different location just needs to take a picture/scan of work completed to forward to their assigned teacher.

How to enroll?

1. Go to this website: <http://tinyurl.com/InspireEnrollNow-North>
