

In this **Summer Camp** we will meet for 4 weeks on Monday. **Martha** and **Marie** will help your kids beat the long Summer days. They are two creative teachers with lots of years of experience offering very fun, kind and educational classes for children at various learning centers. We'll venture in the Art of Puppet Shadow Theater and Story telling. Weaving, embroidery, painting and crafting will be part of our days together. Kids will play educational board games and play outdoor games.

At the end of the day **Edie** will take the children to the **ceramics studio** to make beautiful pieces that will last for a life time!
